N DENT · SOCIAL MEDIA PROPOSAL

One month. Four brands. Twelve posts.

Instagram & Facebook content plan · 12 October - 6 November 2026

VDW MANI 8T HUGE

THE PLAN

Three brands every week, so no brand is forgotten.

Rotating brands keeps every follower interested whatever they buy, and no brand goes more than a week without a post. Each brand's awareness film runs before its product posts, and no brand runs two posts in a row.

3 / week

Feed posts every Mon, Wed and Fri at 8:30pm, after clinic hours. Same post on IG and FB.

2 films

Animated brand awareness Reels for VDW and HUGE, built from one shared 20-second template.

VDW

Brand film opens the month on 12 Oct. Reciproc blue and ROTATE return in weeks 2 and 4 so endo buyers keep seeing VDW.

MANI

D Finder in week 1 introduces the brand. The bur set follows in week 3 as a saveable reference post.

EIGHTEETH

"8T Friday" becomes a slot people expect. Each big-ticket offer gets a full week of attention, and the lab package goes first so people try before they buy.

HUGE

Brand film on 19 Oct introduces a new name early. Putty and the impression cheat sheet keep it visible to the end.

POST 01 OF 12 · VDW

Brand awareness

Mon 12 Oct 2026 · 8:30pm · Animated Reel · 9:16 · 20 s

VDW · Endo, made in Munich

VISUAL DIRECTION

0–3 s A root canal drawn as a glowing blue line on deep navy
3–7 s "Munich, since 1869" over line-art skyline
7–12 s A file glides down the canal and shapes it
12–17 s VDW line-up slides in: Reciproc blue, ROTATE, motors
17–20 s End card: "Now from N Dent, Malaysia" + logos + shop link

CAPTION

Some brands make dental products. VDW makes endodontics.

N Dent brings the VDW range to clinics across Malaysia, with local stock and a team that knows the files.

Over the coming weeks, we'll go file by file.

Available at N Dent.

POST 02 OF 12 · MANI

D Finder

Wed 14 Oct 2026 · 8:30pm · Single Post

MANI · Japanese precision in your hand

VISUAL DIRECTION

Headline: "Find your way through any canal."

Visual: a macro shot of the D Finder tip on dark grey, with a small inset showing the D-shaped cross-section.

Support text: "3–4x stiffer than a #6 K-file · Sizes #8–#15"

CAPTION

Calcified. Curved. Blocked. Meet the file made for it.

MANI D Finder is a stiff stainless steel hand file from Japan, built to negotiate canals other files can't.

· D-shaped cross-section for better tactile feedback
· About 3–4x stiffer than a #6 K-file
· Sizes #8–#15, 21 mm and 25 mm

Available at N Dent.

POST 03 OF 12 · EIGHTEETH

2-hour lab package

Fri 16 Oct 2026 · 8:30pm · Single Post

8T · Upgrade your clinic before 2027

VISUAL DIRECTION

Headline: "Same-day crowns. In just 2 hours."

Visual: keep the poster's charcoal and gold look, with three bands:

Top: a large glossy crown on the right. On the left, the headline in gold, and under it "SCAN · DESIGN · PRINT · WASH · CURE · DONE" in small caps.

Middle: the 5 products in one clean row joined by small "+" signs: Helios 500 scanner, Edge Mini printer, ShapeWash, ShapeCure, Dental Teeth Resin. No spec text here.

Bottom: a gold price band reading "RM29,900 · Complete Digital Crown Solution", with "Valid until 31 Dec 2026 · T&Cs apply · For healthcare professionals only" in small type.

CAPTION

Scan in the morning. Seat the crown before lunch.

Our Complete Digital Crown Solution takes you from patient to final crown in about 2 hours, all in-house.

What's in the package:
- Eighteeth Helios 500 intraoral scanner with built-in crown design, no separate CAD software needed
- RayShape Edge Mini 3D printer
- RayShape ShapeWash 040s wash station
- RayShape ShapeCure D Mini curing unit
- RayShape Dental Teeth Resin, ceramic-filled for permanent crowns

The workflow:
1. Scan (5–10 min)
2. Design (10–15 min)
3. Print (30–45 min)
4. Wash (5 min)
5. Cure (10 min)
6. Finish (30–45 min)

Faster treatment, a simpler workflow, lower lab costs and full control in your own clinic.

Special package price: RM29,900
Includes training & support, warranty, after-sales service and workflow guidance.

Valid until the end of 2026. DM us or call +603-8075 2365 to book a demo.

*T&Cs apply. For healthcare professionals only.

POST 04 OF 12 · HUGE

Brand awareness

Mon 19 Oct 2026 · 8:30pm · Single Post

HUGE · Every great restoration starts with the impression

VISUAL DIRECTION

0–3 s The paste swirl: "Every great restoration starts with the impression."

3–7 s "Meet HUGE. Dental materials for every step."

7–12 s PERFIT putty, heavy body, monophase and light body cards bounce in and float, each lighting up in turn.

12–17 s the impression on a turntable: "Every detail. Captured."

17–20 s "Restorative essentials", with GIC Filling and P-Etchant sliding in.

17–20 s HUGE logo, "Now in Malaysia through N Dent", and a "Shop at shop.ndent.my" button with a tap ripple.

CAPTION

New brand on your shelf.

Meet HUGE Dental: nearly 20 years of research, manufacturing and innovation in dental materials, from impression materials and composites to cements and artificial teeth.

One of the few makers that produces both dental materials and prosthetic teeth, HUGE is now available in Malaysia through N Dent.

Over the next few weeks we'll show you why their impression materials deserve a place in your clinic.

Available at N Dent.

POST 05 OF 12 · VDW

Reciproc blue (USP)

Wed 21 Oct 2026 · 8:30pm · Single Post

VDW · Endo, made in Munich

VISUAL DIRECTION

Headline: "Made to follow the curve."

Visual: a single blue file standing diagonally on deep navy, with a soft blue glow.

Support text: "Heat-treated for flexibility · One-File Shaping"

CAPTION

Made to follow the curve.

Reciproc blue gets its colour from a special blue heat treatment that makes the file more flexible and more resistant to cyclic fatigue. It can even be pre-bent, so it tracks curved anatomy with more confidence.

Paired with reciprocating motion, it gives you smooth, controlled shaping, canal after canal.

Available at N Dent.

POST 07 OF 12 · MANI

The 5-bur set

Mon 26 Oct 2026 · 8:30pm · Single Post

MANI · Japanese precision in your hand

VISUAL DIRECTION

Headline: "5 burs. Every prep."

Visual: all 5 burs in a row on black, lit like jewellery, each with its code and one word underneath: Access, Precision, Walls, Crown, Anatomy.

CAPTION

5 burs. Every prep.

BR-45CA for access · BR-31C for precision · SF-80C for flat walls · TF-S21C for crown preps · Pro-3F for occlusal anatomy

Japanese diamond burs built for consistent cutting and long life. Save this for your next order.

POST 08 OF 12 · HUGE

Putty

Wed 28 Oct 2026 · 8:30pm · Single Post

HUGE · Every great restoration starts with the impression

VISUAL DIRECTION

Headline: "Knead. Seat. Done."

Visual: two putty colours twisting into one, beside the jar.

Support text: "Easy hand-mix · Tear-resistant ·
Pairs with light body"

CAPTION

Knead. Seat. Done.

HUGE putty mixes by hand in seconds, and the even colour tells you it's ready. It holds its shape, resists tearing, and pairs with HUGE light body for the two-step technique.

Fri 30 Oct 2026 · 8:30pm · Single Post

8T · Upgrade your clinic before 2027

VISUAL DIRECTION

Headline: "Buy a CBCT. Get Europe."

Visual: the CBCT on the left and a European skyline on the right, with a boarding-pass strip across the bottom showing "RM155,000 · Europe trip for 2".

Support text: "T&Cs apply"

CAPTION

Buy a CBCT. Get Europe.

Purchase the 8T FinScan F350 CBCT at RM155,000 and enjoy a trip to Europe for 2.

Fast, low-dose 3D imaging with implant planning tools built in. Bring scans in-house and stop referring patients out.

POST 11 OF 12 · HUGE

Heavy, light & monophase

Wed 4 Nov 2026 · 8:30pm · Single Post

HUGE · Every great restoration starts with the impression

VISUAL DIRECTION

Headline: "Which body for which job?"

Visual: three colour-coded cartridges side by side, each with a one-line label: Heavy: support · Light: margins · Monophase: tray + syringe.

This is still the most saveable post, so add a small "Save this" tag in the corner.

CAPTION

Which body for which job? Save this.

Heavy body: tray material for support
Light body: syringed around the prep for sharp margins
Monophase: one material for tray and syringe

All in cartridges for consistent mixing and less waste.
